

Converting .wma files to .mp3 files on Mac

Using media-convert for Mac:

There are several methods to convert .wma files to .mp3 files, but they all require purchase of a plug-in or software. The following link is for an online converter that requires no downloads and is free

<http://media-convert.com/>

Click CHOOSE FILE and locate your interview file
Scroll down and choose .mp3 as OUTPUT FORMAT from drop down menu

Check I ACCEPT TERMS AND AGREEMENT

Click OK

After a few minutes (depending on size of file) you will see CONVERSION OPTIONS

Choose 32 Kbps and click OK

Once the conversion is complete you will see a DOWNLOAD button

Click on it to download converted .mp3 file

Note:

The maximum size of file that can be uploaded is 150 MB
Which would be approximately a 10 hour audio file

1.

Convert a file located on your computer : Check File mode, click Browse and choose the file, select input format (if autodetection failed) and output format, submit the form.

Convert a file located on a webservice : Check URL mode, enter the file URL, select input and output format.
